

SFLARC NET PREAMBLE 11/2023

CQ CQ CQ

Welcome to the South Florida Latin Amateur Radio Club weekly net.

I am (name and callsign) and I will be your net control for the evening.

This is a directed net which means all traffic should go through net control.

We accept check-ins in English and Spanish.

As part of our weekly net, we are also incorporating a traders net so if you have any radio items for sale or are looking for any items, feel free to let us know when you check-in.

We are taking check-ins via RF Yaesu Fusion on the 146.865 and 443.300 repeaters, on Zello via Miami Hams Digital Channel, and on ZOOM via the link that was emailed to the local ham radio reflectors.

We will now start taking check-ins.

Please identify with name, call, location, and if you have any traffic or items for the traders net.

***take some check-ins, ID yourself and the net, ask for more check-ins
add in any items of interest to hams such as hamfests, field days, etc
try to stay at around 30min runtime unless you just get hammered with checkins
once check-ins fade out, start calling for "late bloomers" and prep to end net.***

Ending the net - This is (your name and call) and I'd like to thank all those that have checked in. As a reminder, we do this every Thursday at 7:30PM. For more information on the club, please visit us at SFLARC.ORG

This concludes our net and I now return the system to it's normal amateur use. (your name and call)
